MEETING PURPOSE

- Hear updates on the development of the Project Goals & Objectives
- Review and provide technical input on Future Baseline Conditions
- Review and provide technical input on the Economic Impact Literature Review

AGENDA

11:00	Welcome & Introductions	Molly Markarian, City of Springfield & Bill Johnston, ODOT Region 2
11:05	Updates on Project Goals & Objectives	Molly & Jean Senechal Biggs, DKS Associates
11:15	Future Baseline Conditions <i>The project team will share highlights from Tech Memo #9 that forecasted future traffic volumes and intersection operations and analyzed future safety performance (no-build scenario). This analysis will inform the development of transportation solutions later this spring and summer.</i>	Jean, Kayla Fleskes & Lacy Brown, DKS Associates
11:30	Economic Impact Literature Review <i>The project team will present key takeaways from Tech Memo #3 that reviewed available literature on the possible business and economic impacts of potential safety and access management improvements.</i>	Jean
12:00	Adjourn	Jean & Molly

Next Meeting: Early May

Review Key Principles and Access Management Methodology

The Main Street Safety Project is a collaborative effort between the City of Springfield and the Oregon Department of Transportation
