## Reminder - Draft Facility Plan Ready for Your Review and Feedback

If you haven't already reviewed and provided feedback on the Draft Main Street Facility Plan, you can through October 25, 2021.

Review Draft Main Street Facility Plan

Feedback can be provided by:

- **Email:** [info@ourmainstreetspringfield.org](mailto:info@ourmainstreetspringfield.org)
- **Website Comment Form:** [mainstreetsafety.org](http://mainstreetsafety.org) then select "Contact Us"
- **Public Meetings:** times and dates to be posted on [mainstreetsafety.org](http://mainstreetsafety.org)
- **Mail:** City of Springfield, Attn. Main Street Safety Project, 225 Fifth Street, Springfield, OR 97477

You can review the draft Main Street Facility Plan and give feedback through October 25, 2021.

Check out [Fact Sheet #6 - Draft Facility Plan](#) for the main points and the overall recommendation, all the ways you can provide feedback, and the current project timeline. We are providing multiple ways to capture feedback so it is easy for community members to provide feedback at their convenience.

In addition to e-updates about the Draft Main Street Facility Plan available for review and feedback, we [mailed a postcard](#) to businesses and property owners adjacent to the corridor. We also solicited feedback from the broader community via social media and the [project website](#).

## Upcoming Meetings

The project team has scheduled their next meetings with the Planning Commission, Main Street Governance Team, and City Council to receive direction on next steps.

- Planning Commission meeting - Tuesday, Nov. 2 at 6:00 pm

- Governance Team meeting - Monday, Nov. 14 from 2:00 to 3:30 pm
- City Council Work Session - Monday, Dec. 6 at 5:30 pm

All meeting agenda packets will be posted to the [project website](#) once finalized.

## Project Purpose

---

Springfield's Main Street is consistently ranked as one of the most unsafe city streets in Oregon based on the severity and frequency of traffic crashes. The Oregon Department of Transportation and the City must address this problem to save lives, reduce injuries, and lessen property damage due to crashes. The purpose of the Main Street Safety Project is to select infrastructure solutions that will make Main Street safer for people walking, biking, driving, and taking transit.

The selected safety improvements will provide for the movement of goods and people, support the economic viability of the corridor, accommodate current bus service and future transit solutions, and complement traffic safety education and enforcement.
