

OUR MAIN STREET SPRINGFIELD

MAIN STREET SAFETY PROJECT | 20th Street to 72nd Street

Attend a Local Access Forum on Main Street Safety

This February, the Main Street Safety Project is hosting online Local Access Forums for Main Street **business and property owners**.

The Forums are an opportunity to:

- Hear the latest project updates
- Give feedback on the range of recommended safety tools, such as roundabouts, raised medians, pedestrian facilities & biking upgrades
- Discuss property access concerns and how the City will work with affected business and property owners throughout the design process

Register at mainstreetsafety.org

About the Project

The Main Street Safety Project is selecting infrastructure solutions that will make Main Street safer for people walking, biking, driving, and taking transit.

Sign up!

Visit mainstreetsafety.org before **February 5, 2021** to register for the online session that works best for you, watch an orientation video, and review forum materials. Sign up during one of the three times below (each will include the same information):

Tuesday, February 9

11:30am–1pm

Wednesday, February 10

4–5:30pm

Thursday, February 11

6–7:30pm
